### Article 3

#### GENERAL DEFINITIONS

1. For the purposes of this Agreement, unless the context otherwise requires:

(a) the term "Viet Nam" means the Socialist Republic of Viet Nam; when used in a geographical sense, it means its land territory, islands, internal waters, territorial sea and airspace above them, the maritime areas beyond territorial sea including seabed and subsoil thereof over which the Socialist Republic of Viet Nam exercises sovereignty, sovereign rights and jurisdiction in accordance with national legislation and international law;

(b) the term "Malta" means the Republic of Malta and, when used in a geographical sense, means the Island of Malta, the Island of Gozo and the other islands of the Maltese archipelago including the territorial waters thereof, as well as any area of the sea-bed, its sub-soil and the superjacent water column adjacent to the territorial waters, wherein Malta exercises sovereign rights, jurisdiction, or control in accordance with international law and its national law, including its legislation relating to the exploration of the continental shelf and exploitation of its natural resources;

(c) the terms "a Contracting State" and "the other Contracting State" mean Viet Nam or Malta as the context requires;

(d) the term "person" includes an individual, a company and any other body of persons;

(e) the term "company" means any body corporate or any entity that is treated as a body corporate for tax purposes;

(f) the terms "enterprise of a Contracting State" and "enterprise of the other Contracting State" mean respectively an enterprise carried on by a resident of a Contracting State and an enterprise carried on by a resident of the other Contracting State;

B 3626

(g) the term "national", in relation to a Contracting State, means:

(i) any individual possessing the nationality of that Contracting State; and

(ii) any legal person, partnership or association deriving its status as such from the laws in force in that Contracting State;

(ii) in the case of Malta, the Minister responsible for finance or his authorised representative.

2. As regards the application of the Agreement at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Agreement applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

#### Article 4

#### RESIDENT

1. For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of incorporation (or registration), place of management, or any other criterion of a similar nature, and also includes that State or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

(a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

(b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;

(c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;

(d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated. If the State in which the place of effective management is situated cannot be determined, or the place of effective management is in neither State, then the competent authorities of the Contracting States shall endeavour to determine by mutual agreement in accordance with Article 25 the Contracting State of which the person shall be deemed to be a resident for the purpose of the Agreement, having regard to its places of management, the place where it is registered or incorporated and any other relevant factors. In the absence of such agreement, such person shall not be entitled to any relief or exemption from tax provided by this Agreement.

## Article 5

### PERMANENT ESTABLISHMENT

1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

(a) a place of management;

(b) a branch;

(c) an office;

(d) a factory;

(e) a workshop; and

(f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. The term "permanent establishment" likewise encompasses:

B 3628

(a) a building site, construction, assembly or installation project or supervisory activities in connection therewith, but only if such site, project or activities last more than six months;

(b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only if activities of that nature continue (for the same or a connected project) within a Contracting State for a period or periods aggregating more than six months within any twelve-month period; and

(c) a person conducting in a Contracting State activities (including offshore activities) which relate to the exploration for and exploitation of natural resources located in that Contracting State shall be considered as carrying on business through a permanent establishment in that Contracting State.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of collecting information for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of any activities which that person undertakes for the enterprise, if such a person:

(a) has and habitually exercises in that State an authority to conclude

contracts in the name of the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph; or

(b) has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise from which he regularly delivers goods or merchandise on behalf of the enterprise.

6. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other Contracting State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, and conditions are made or imposed between that enterprise and the agent in their commercial and financial relations which differ from those which would have been made between independent enterprises, he will not be considered an agent of an independent status within the meaning of this paragraph.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

## Article 6

### INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income

B 3630

from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

## Article 7

### BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to:

(a) that permanent establishment;

(b) sales in that other Contracting State of goods or merchandise of the same or similar kind as those sold through that permanent establishment. It is understood that the profits of an enterprise shall include profits attributable to sales of goods and merchandise referred to in this subparagraph only when the competent authority of the Contracting State in which a permanent establishment of the enterprise is situated considers that the enterprise has entered into an arrangement in relation to the sales of those goods or merchandise to avoid taxation of those profits in that Contracting State.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the

enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of banking enterprise by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

6. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

#### Article 8

##### SHIPPING AND AIR TRANSPORT

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

#### Article 9

##### ASSOCIATED ENTERPRISES

1. Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be

B 3632

made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

## Article 10

### DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

(a) where the dividends are paid by a company which is a resident of Viet Nam to a resident of Malta -

(i) 5 per cent of the gross amount of the dividends if the beneficial owner is a company which holds directly at least 50 per cent of the voting power in the company paying the dividends; and

(ii) 15 per cent of the gross amount of the dividends in all other cases;

(b) where the dividends are paid by a company which is a resident of Malta to a resident of Viet Nam who is the beneficial owner thereof, Malta tax on the gross amount of the dividends shall not exceed that chargeable on the profits out of which the dividends are paid.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other

rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7, or Article 15, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

## Article 11

### INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraphs 1 and 2, interest arising in a Contracting State shall be exempt from tax in that State if it is paid:

(a) to the Government of the other Contracting State or the Central Bank thereof in relation to any loan, debt-claim or credit granted by any such bodies;

(b) in respect to a loan, debt-claim or credit guaranteed or insured by an institution for insurance or financing of international trade transactions which is wholly owned by the other Contracting State or by the Government of the other Contracting State, as the case may be.

B 3634

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 15, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a local authority, or entity thereof, or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

## Article 12

### ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the recipient is the beneficial owner of such royalties the tax so charged shall not exceed:

(a) 5 per cent of the gross amount of the royalties if they are paid as consideration for the use of, or the right to use, any patent, design or model,

plan, secret formula or process, or for information concerning industrial or scientific experience;

(b) 10 per cent of the gross amount of the royalties if they are paid as consideration for the use of, or the right to use, a trade mark or for information concerning commercial experience;

(c) 15 per cent of the gross amount of the royalties in all other cases.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 15, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a local authority, or entity thereof, or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

B 3636

## Article 13

## TECHNICAL FEES

1. Technical fees arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such technical fees may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the technical fees is a resident of the other Contracting State, the tax so charged shall not exceed 7.5 per cent of the gross amounts of the technical fees.

3. The term "technical fees" as used in this Article means payments of any kind to any person, other than to an employee of the person making the payments, in consideration for any services of a technical, managerial or consultancy nature.

4. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the technical fees, being a resident of a Contracting State, carries on business in the other Contracting State in which the technical fees arise through a permanent establishment situated therein, or performs in that other Contracting State independent personal services through a fixed base, and the technical fees paid are effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 15, as the case may be, shall apply.

5. Technical fees shall be deemed to arise in a Contracting State when the payer is that State itself, a local authority or entity thereof, or a resident of that State. Where, however, the person paying the technical fees, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the technical fees was incurred, and such technical fees are borne by that permanent establishment or fixed base, then such technical fees shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the technical fees paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

## Article 14

3. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic, or from movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that State.

5. Gains from the alienation of shares other than those mentioned in paragraph 4 in a company which is a resident of a Contracting State may be taxed in that State if the alienator, at any time during the twelve month period preceding such alienation, held directly or indirectly at least 15 per cent of the capital of that company.

6. Gains from the alienation of any property other than that referred to in paragraphs 1, 2, 3, 4 and 5 shall be taxable only in the Contracting State of which the alienator is a resident.

(b) If his stay in the other Contracting State is for a period or periods

B 3638

amounting to or exceeding in the aggregate 183 days within any twelve-month period commencing or ending in the fiscal year concerned; in that case, only so much of the income as is derived from his activities performed in that other Contracting State may be taxed in that other Contracting State.

#### METHODS FOR ELIMINATION OF DOUBLE TAXATION

1. In the case of Viet Nam, double taxation shall be eliminated as follows:

(a) Where a resident of Viet Nam derives income which, in accordance with the provisions of this Agreement, may be taxed in Malta whether directly or by deduction, Viet Nam shall allow as a deduction from the tax on the income of that resident an amount equal to the income tax paid in Malta.

The amount of the tax to be deducted pursuant to the above provision shall not exceed the lesser of the tax which would have been charged on the same income in Viet Nam under the rates applicable therein.

(b) Where a resident of Viet Nam derives income which in accordance with the provisions of this Agreement, shall be taxable only in Malta, Viet Nam may include this income in the tax base but only for purposes of determining the rate of tax on such other income as is taxable in Viet Nam.

Subject to the provisions of the law of Malta regarding the allowance of a credit against Malta tax in respect of foreign tax, where, in accordance with the provisions of this Agreement, there is included in a Malta assessment income from sources within Viet Nam, the Vietnamese tax on such income shall be allowed as a credit against the relative Malta tax payable thereon.

The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. B 3642

allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, paragraph 6 of Article 12 or paragraph 6 of Article 13, apply, interest, royalties, technical fees and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.

the preceding paragraphs.

## Article 26

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting State or local authorities, insofar as the taxation thereunder is not contrary to the Agreement. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy.

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information

is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.
